How It Works – In-Service Training Reimbursement Scholarship

This scholarship will reimburse you for CEUs or in-service training that meets Early Care training requirements provided by a state or nationally recognized training organization or trainer, up to 10 clock hours / 1 CEU. The scholarship will only pay \$10 per clock hour of training, so the maximum you may be reimbursed is \$100 for 10 clock hours of training. You may receive this scholarship multiple times per year until you reach the 10 clock hour/\$100 limit. The 10 clock hour/\$100 limit is yearly and resets every July 1; if you reach the limit one year, you may reapply after the next July 1.

We ask that you apply for this scholarship before you attend the training, but we will accept applications after the training is complete. You may apply after you have attended the training, but if you do that we can't guarantee the scholarship will reimburse you. Scholarship dollars are limited and awarded based on several factors: whether the scholarship still has funding available; who applies for a scholarship first; whether the applicant's employer has signed a Service Agreement with the ELC of Broward to participate in the school readiness or VPK programs; and whether the applicant's employer is participating in the Broward QRIS project.

If you apply for a scholarship before you take the training, you must prove that you have registered to attend the training by providing a copy of the registration form. The registration form must include: your name; the person or company giving the training; the name of the training; the date of the training; and the amount of in-service hours or CEUs you will receive.

The scholarship will only reimburse you for training you pay for, and you must prove that you paid for the training by providing a copy of your receipt. The receipt must include: your name as the person paying (payor); the person or company you are paying; the name of the training; the date of the training; the cost of the training; and the balance due (should be \$0.00).

This scholarship will only reimburse you for successfully completed training, and you must prove that you successfully completed the training by providing a copy of your in-service/CEU award certificate. The certificate must include: your name; the name of the training; the date of the training; and the amount of in-service hours or CEUs you received for the training. If you apply before you take the training, you will not be reimbursed until you have sent proof of successful completion.

All scholarships require that you provide proof of where you work, how many hours you work, and how much you are paid. You must send in the Employment Verification Form filled out by the director of the facility where you work and copies of your two most recent pay stubs. Only people working more than 20 hours per week in Broward county are eligible for scholarships.

All scholarships require that you complete a survey after you have submitted the application and before you are reimbursed.

Please include COPIES ONLY of the documentation required by this scholarship.

The documentation you provide will NOT be returned to you!!

How It Works – College Credit Reimbursement Scholarship

This scholarship will reimburse you for college credit classes taken at regionally accredited colleges and universities. There are three tracks for this scholarship, each with its own limit: (1) if you are currently enrolled in a degree-seeking program for an Early Childhood Education (ECE) or Child Development (CD) degree, the scholarship will pay for 6 credits a semester for classes required for the degree; (2) if you already have a degree outside of the ECE field and you need ECE classes to meet the VPK requirements, the scholarship will pay for 6 ECE/CD credits a year; (3) if neither of the above apply, the scholarship will pay for 3 ECE/CD credits every 5 years. Track (3) is intended to assist in the renewal of credentials such as the National CDA and Florida Director Credential. You may apply for any track for which you qualify. No matter which track you apply for, the scholarship will only pay \$115 per credit and only toward tuition. You are responsible for any costs over \$115 per credit, including books and fees and tuition over \$115 per credit. For track (2), the limit resets every July 1; if you reach the limit one year, you may reapply after the next July 1.

Please note that this scholarship will only be awarded if you have tried and failed to get other scholarships to pay for the requested credits. Other scholarships include T.E.A.C.H., Pell, and Bright Futures.

We ask that you apply for this scholarship before you attend classes, but we will accept applications after the classes are complete. If you apply before you attend classes, you will know in advance if you will be reimbursed. You may apply after you have attended classes, but if you do that we can't guarantee the scholarship will reimburse you. Scholarship dollars are limited and awarded based on several factors: whether the scholarship still has funding available; who applies for a scholarship first; whether the applicant's employer has signed a Service Agreement with the ELC of Broward to participate in the school readiness or VPK programs; and whether the applicant's employer is participating in the Broward QRIS project.

If you apply for a scholarship before you take a class, you must prove that you have registered to attend the class by providing a class schedule. The schedule must include: your name; the name of the school; the name of the class; the dates of the class; and the amount of credits you will receive.

The scholarship will only reimburse you for classes you pay for, and you must prove that you paid for the classes by providing a copy of your receipt. The receipt must include: your name as the person paying (payor); the person or company you are paying; the name of the class; the date the class ends; the cost of the class; and that there is no balance due.

This scholarship will only reimburse you for successfully completed classes, and you must prove that you successfully completed the class by providing a copy of your grade report or transcript. The grade report or transcript must include: your name; the name of the class; the date the class ended; the amount of credits you received for the class; and your grade. For the purposes of this scholarship, you must receive a grade of A, B, C, or Pass/Satisfactory to be reimbursed. If you apply before you take the class, you will not be reimbursed until you have sent in your proof of successful completion.

All scholarships require that you provide proof of where you work, how many hours you work, and how much you are paid. You must send in the Employment Verification Form filled out by the director of the facility where you work and copies of your two most recent pay stubs. Only people working more than 20 hours per week in Broward county are eligible for scholarships.

All scholarships require that you complete a survey after you have submitted the application and before you are reimbursed.

How It Works – National CDA Scholarship Part 1

This scholarship will pay for PART of the required 120 hours of training, observation, and application fee to receive a National CDA from the Council for Professional Recognition. You may receive this scholarship ONCE; to renew your CDA, please use the *College Credit Reimbursement Scholarship – Not seeking a degree (3 credits per 5 years)*. This scholarship is for a maximum of \$1,250. The \$1,250 limit is all the scholarship will pay, no matter the actual cost to reach a National CDA, and you are responsible for any and all costs over \$1,250.

There are two tracks for this scholarship:

- 1) Choose the “National CDA Scholarship Reimbursement” track if you have already received a National CDA. You may be reimbursed for any costs incurred during the current year (July 1 – June 30).
- 2) Choose the “National CDA Scholarship Pre-Pay” track if you still need to complete some or all of the National CDA requirements. This scholarship will pay in advance (pre-pay) some of the cost for you, sending a check directly to your school or observer. You must apply for a Pre-Pay scholarship at least 2 weeks before you start to attend class or receive services.

The scholarship will pay a maximum of \$350 for the observation; the application fee is \$325. The application fee is reimbursement only. If you are applying for reimbursement only, you may be reimbursed for any training that meets the Council for Professional Recognition’s CDA requirements. If you are applying for the scholarship to pre-pay for some or all of the 120 hours of training, you must take that training at a school listed on the CDA Training Providers List.

Please note that if the scholarship pre-pays for anything, you are required to complete the process to receive a National CDA from the Council for Professional Recognition within six months of the end of the training. If you fail to do so, you will be required to repay all money pre-paid on your behalf. You must repay any debts within twelve (12) months of the end of the training. Failure to repay in a timely manner may be reported to the credit bureaus which may impact your credit score. Failure to repay will also make you ineligible for all scholarships until the debt is repaid.

Scholarship dollars are limited and awarded based on several factors: whether the scholarship still has funding available; who applies for a scholarship first; whether the applicant’s employer has signed a Service Agreement with the ELC of Broward to participate in the school readiness or VPK programs; and whether the applicant’s employer is participating in the Broward QRIS project.

Because this scholarship will not pay for all of the costs for a National CDA, you will need to pay some out of your own pocket. To help you plan for your costs, and to help us know when and how much to pay, all CDA applicants must fill out the Scholarship Disbursement Form.

If you apply for a scholarship before you take training, you must prove that you have registered to take training by providing a class schedule or registration form. The schedule or registration form must include: your name; the name of the school; the name of the classes or training; the dates of the classes; and the amount of credits or hours you will receive.

How It Works – National CDA Scholarship Part 2

(continued from previous page)

If you are asking the scholarship to reimburse you, you must prove that you paid for the training, observation, or application fee by providing a copy of your receipt. The receipt must include: your name as the person paying (payor); the person or company you paid; what you paid for; the date you attended classes or were observed; the cost; and the amount paid.

This scholarship will only reimburse you for successfully completed training, and you must prove that you successfully completed the training by providing a copy of your grade report or transcript. The grade report or transcript must include: your name; the name of the class; the date the class ended; the amount of hours or credits you received for the class; and your grade. For the purposes of this scholarship, you must receive a grade of A, B, C, or Pass/Satisfactory to be reimbursed.

This scholarship will only pay for up to \$350 of the CDA Advisor's observation fee. To receive payment or reimbursement for the observation fee, the CDA advisor must fill out the *Final Observation Award Form* and attach a copy of the receipt and/or invoice.

All scholarships require that you provide proof of where you work, how many hours you work, and how much you are paid. You must send in the Employment Verification Form filled out by the director of the facility where you work and copies of your two most recent pay stubs. Only people working more than 20 hours per week in Broward county are eligible for scholarships.

All scholarships require that you complete a survey after you have submitted the application and before you are reimbursed.

Please only include COPIES of the documentation required by this scholarship.
The documentation you provide will NOT be returned to you!!

Scholarship Disbursement Form – CDA Scholarships ONLY

To receive a National CDA Credential, you must pay for three components: 120 hours of coursework, a final observation, and the Council for Professional Recognition’s application fee. The cost for all three items will be more than the \$1,250 this scholarship can provide and the applicant must pay for all costs over the \$1,250 cap including books, tuition, and fees. To help you in achieving your educational goal, we require that you fill out this disbursement form to plan your expenses.

Step 1 – Select a School

If you are requesting a pre-pay scholarship, select a school from the *CDA Training Providers List* where you will complete the 120 hours of training. If you are requesting a reimbursement scholarship, you may be reimbursed for classes at any school that meets the Council for Professional Recognition’s CDA training requirements. List the school and the tuition cost:

PRINT School name: _____

Tuition cost: \$ _____

Step 2 – Allocate Funds (fill out EVERY box)

You decide how much of the \$1,250 scholarship award will be applied to each component. For each component, list how much the component costs and the amount you wish the scholarship to cover (remember, the scholarship will not cover more than \$1,250). Then subtract the scholarship amount from the cost of the component and list the remainder under “Applicant Pays”.

Component Name	Cost of Component	Scholarship Pays	Applicant Pays
Tuition for 120 hours (copy estimated tuition for school above – see <i>CDA Training Providers List</i>)			
Final CDA Observation fee (\$350 maximum. If observation is part of the tuition, leave this line blank.)			
CDA Application Fee (reimbursement only)	\$325.00		
Totals:		(maximum of \$1,250)	

CDA application fees are reimbursement only. To be reimbursed for the CDA application fee, you must provide proof that you paid for it and provide proof that the CDA certificate was awarded.

I agree to pay all costs over the \$1,250 scholarship total, and to reimburse the scholarship for all monies spent if I do not complete all three components (120 hours of training, observation and application submission) toward a National CDA Credential.
